Optimistic Career Outlook

National CNA (Certified Nursing Assistant) employment projections between the years 2020 and 2030 estimate 8% growth, translating to 192,800 jobs.

In California, 97,970 employed CNAs make the state the second largest CNA employer in the nation. In San Diego County, CNA employment is an in-demand category whose average annual income is $37,835.

Accelerated Career Training

LearnMore is a private, nonprofit career training school, centered in San Diego. We develop quality, accelerated programs to equip participants with skills for employment in high-demand sectors. We seek to meet the needs of hard-to-reach and under-represented populations by offering enhanced instruction and hands-on training to develop new skills or to advance existing skills.
